### Proposed changes/Issues

### Others/NSS

### Boards

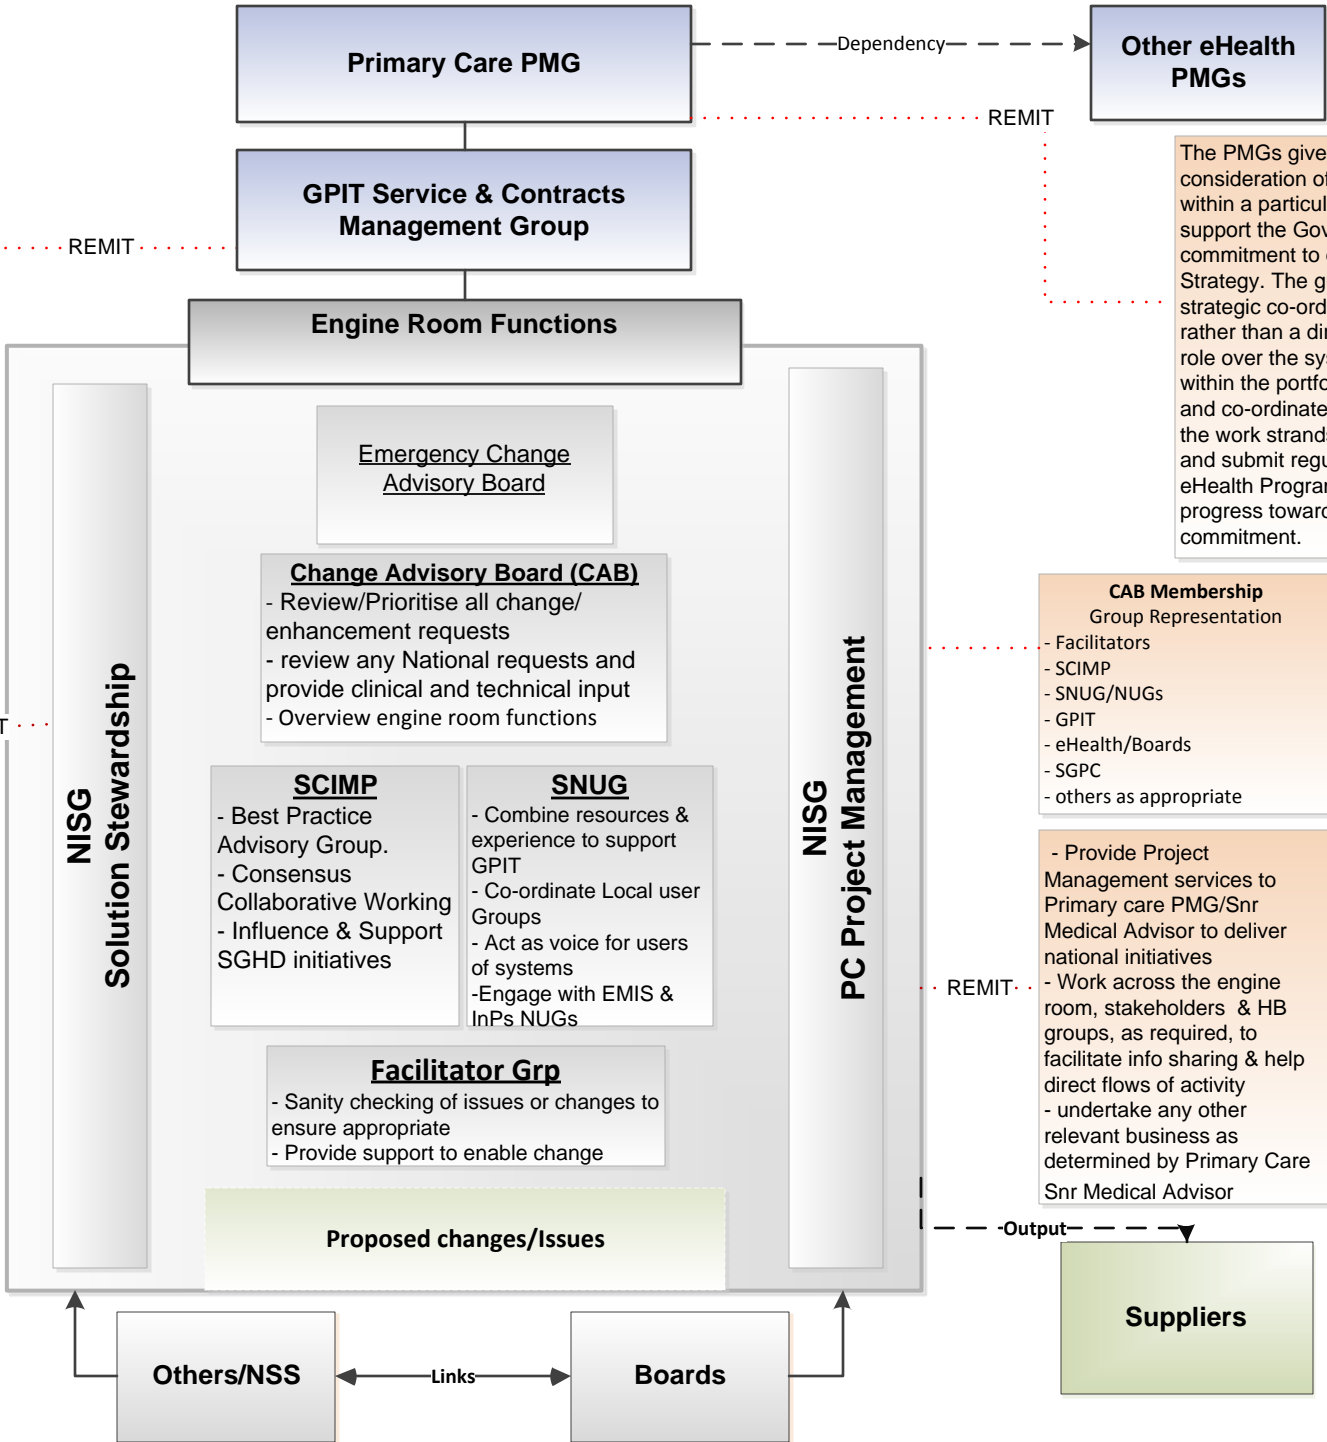

## Other eHealth PMGs

The PMGs give detailed consideration of how the initiatives within a particular portfolio will support the Government's commitment to deliver the eHealth Strategy. The group will exercise a strategic co-ordination function, rather than a direct management role over the systems/products within the portfolio. It will monitor and co-ordinate activities across the work strands within the portfolio and submit regular reports to the eHealth Programme Board on progress toward meeting the commitment.

- CAB Membership Group Representation**
